

BuBM WORKSHOP PROGRAM

MAY 8th, 2025

WORKSHOP PROGRAM

Location: Agrippa Ionescu Clinical and Emergency Hospital, Bucharest

Title: Live surgery: Video-assisted mastectomy and immediate breast reconstruction.

07:30 – 08:00 - Participant Registration

08:00 – 08:30 - Workshop Opening. Theoretical Presentations

❖ Opening Remarks - Prof. Dr. Valeriu Gheorghită

❖ Brief Presentation of Objectives - Prof. Dr. Radu Cristian Jecan

08:30 – 08:45 - Break

08:45 - 09:00 - First case presentation

❖ Assoc. Prof. Dr. Adrian Daniel Tulin, Assoc. Prof. Dr. Laura Răducu

09:00 - 11:30 - Live surgery presentation

11:30 - 12:30 - Lunch break

12:30 - 12:45 - Second case presentation

❖ Assoc. Prof. Dr. Adrian Daniel Tulin, Assoc. Prof. Dr. Laura Răducu

12:45 - 15:15 - Live surgery presentation

15:15 - 15:30 - Olympus Presentation

❖ Olympus Customer Solutions / Integrated Intelligent Systems - Irina Mascan

15:30 - Conclusions

BuBM WORKSHOP PROGRAM

MAY 9th, 2025

MORNING SESSION*

Location: Agrippa Ionescu Clinical and Emergency Hospital, Bucharest

*** Dedicated to participants outside of Bucharest**

Title: Live surgery: Video-assisted mastectomy and immediate breast reconstruction.

07:30 – 08:00 - Participant Registration

08:00 – 08:30 - Workshop Opening. Theoretical Presentations

❖ Opening Remarks & Brief Presentation of Objectives

❖ Case presentations - Assoc. Prof. Dr. Adrian Daniel Tulin, Assoc. Prof. Dr. Laura Răducu

08:30 – 08:45 - Break

08:45 - 11:15 - Live surgery presentation

11:15 – 11:30 – Conclusions

BREAK 11:30 - 13:00

AFTERNOON SESSION

Location: Anatomy Department, Dissection Hall, Carol Davila University of Medicine and Pharmacy

Title: Anatomical Study of the Axilla, Breast Region, and Regional Fasciocutaneous and Musculocutaneous Flaps

13:00 – 13:30 - Participant Registration

13:30 – 15:00 - Workshop Opening. Theoretical Presentations

- ❖ Opening Remarks & Brief Presentation of Objectives – Prof. Univ. Dr. Florin Filipoiu (15 min)
- ❖ Anatomy of the Breast and Axillary Regions – Theoretical Overview – Assoc. Prof. Dr. Adrian Daniel Tulin (15 min)
- ❖ Locoregional Flaps Used in Post-Mastectomy Breast Reconstruction – Theoretical Overview – Assoc. Prof. Dr. Laura Răducu (15 min)
- ❖ The DIEP Flap: Anatomical Foundations and Clinical Applications in Breast Reconstruction - Prof. Dr. Cristian Radu Jecan (15 min)
- ❖ Latissimus Dorsi Flap Reconstruction: An Anatomical and Surgical Perspective - Assist. Prof. Gheoca Mutu Daniela Elena (15 min)
- ❖ Discussions (15 min)

15:00 – 15:30 – Break

15:30 – 17:30 - Cadaver Dissection

- ❖ Axillary and Breast Region Anatomy. Relevant Anatomical Elements & Risk Factors – Assoc. Prof. Dr. Adrian Daniel Tulin
- ❖ Fasciocutaneous and Musculocutaneous Flaps. Most Commonly Used in Post-Mastectomy Breast Reconstruction – Assoc. Prof. Dr. Laura Răducu

17:30 – 18:00 - Conclusions
