

Event Programme

Experience live lipofilling surgery and an expert-led anatomical masterclass focused on reconstructive breast surgery.

DATE

12 NOVEMBER 2026
THURSDAY

LOCATION

"Agrippa Ionescu"
Emergency Clinical
Hospital

- 07:30 -08:00 ● PARTICIPANT REGISTRATION
- 08:00-08:30 ● WORKSHOP OPENING. THEORETICAL PRESENTATIONS
Brief presentation of objectives and live surgery case presentation - **Dr. Laura Răducu**
- 08:30-09:00 ● COFFEE BREAK
- 09:00-11:00 ● LIVE SURGERY: BEYOND VOLUME—PRECISION LIPOFILLING IN BREAST RECONSTRUCTION WITH ADIMATE & ADIPURE
A live surgical demonstration of advanced lipofilling techniques in breast reconstruction, from lipoaspiration, fat processing to precise graft placement.
- 11:00-12:00 ● COFFEE BREAK
- 12:00-12:30 ● Scientific session: Adimate-Adipure - **Dr. Xavier Nelisson**
Scientific session: Braxon Symposium - **Dr. Codrin Dobreanu**
- 12:30-15:00 ● LIVE SURGERY: MASTECTOMY AND IMMEDIATE PREPECTORAL BREAST RECONSTRUCTION USING BRAXON FAST
A live surgical demonstration of mastectomy and immediate prepectoral implant-based breast reconstruction using Braxon®, focusing on patient selection, surgical technique, and key steps for optimizing reconstructive outcomes.
Sponsor session Terapia - Dr. Adrian Tulin
- 15:00-16:30 ● LUNCH
- 16:30-17:30 ● ANATOMICAL STUDY OF THE AXILLA, BREAST REGION, REGIONAL FASCIOCUTANEOUS AND MUSCULOCUTANEOUS FLAPS
Dr. Adrian Tulin, Dr. Raluca Moraru
An in-depth comprehensive anatomical exploration of the axilla, breast region, and regional flaps, and highlighting key surgical landmarks reconstructive applications.
- 17:30-17:45 ● CONCLUSIONS

Event Programme

A day of live surgery and expert multidisciplinary collaboration.

DATE

13 NOVEMBER 2026
FRIDAY

LOCATION

"Agrippa Ionescu"
Emergency Clinical
Hospital

- 07:30-08:00 ● **PARTICIPANT REGISTRATION**
- 08:00-08:10 ● **WORKSHOP OPENING. THEORETICAL PRESENTATIONS**
Brief Presentation of Objectives - **Dr. Laura Răducu**
Live surgery case presentation - **Dr. Laura Răducu, Dr. Tulin Adrian**
- 08:10-08:30 ● **Sponsor session AstraZeneca**
- 08:30-09:00 ● **COFFEE BREAK**
- 09:00-11:30 ● **LIVE SURGERY: VIDEO-ASSISTED MASTECTOMY AND LYMPHADENECTOMY FOLLOWED BY IMMEDIATE BREAST RECONSTRUCTION.**
Experience a live surgical procedure demonstrating every step of a video-assisted nipple-sparing mastectomy and lymphadenectomy followed by immediate breast reconstruction.
- 11:30-12:30 ● **LUNCH BREAK**
- 12:30-14:20 ● **MEET THE EXPERTS - ROUND TABLE: BRIDGING SPECIALTIES FOR BETTER OUTCOMES**
Session chairs: Dr. Cronelia Nițipir, Dr. Adrian Tulin

An interactive multidisciplinary round table bringing together oncologists, pathologists, psychologists, plastic and general surgeons, endocrinologists, clinical geneticist, radiologists and radiation oncologists to discuss collaborative strategies for improving patient outcomes across the breast cancer journey.
Speakers: Dr. Elena Tianu, Dr. Laura Răducu, Dr. Bogdan Ursuț, Dr. Raluca Tulin, Dr. Andrei Anica, Dr. Erick Neșțianu, Dr. Vlad Ștefănel, Dr. Cristina Orlov-Slavu, Dr. Viorica Rădoi, Psih. Monica Licu, Dr. Răzvan Scăunașu
- 14:20-14:30 ● **Sponsor session Novo Nordisk - Dr. Raluca Tulin**

Event Programme

LEARN • INSPIRE • ELEVATE

A day of live surgery and expert multidisciplinary collaboration.

DATE

13 NOVEMBER 2026
FRIDAY

LOCATION

"Agrippa Ionescu"
Emergency Clinical
Hospital

14:30-15:00 ● COFFEE BREAK

15:00-16:30 ● EVOLVING STRATEGIES IN BREAST RECONSTRUCTION

Session chairs: Dr. Carmen Giuglea, Dr. Silviu Marinescu

1. The Art of Planning Breast Reconstruction: From Consultation to Operating Room - **Dr. Barbara Cagli**
2. Local perforator flaps (LICAP, AICAP, TDAP) for volume replacement: expanding the indications of breast conservation - **Dr. Nicolas Leymarie**
3. Decision-making algorithm for oncoplastic techniques in breast-conserving surgery: how to avoid mastectomy - **Dr. Jean-Francois Honart**
4. The golden rules in tuberous breast correction - **Dr. Barbara Cagli**
5. Oncoplastic surgery and margin management in breast-conserving surgery - **Dr. Jean-Francois Honart**
6. Mesh autoaugmentation: better than implants - **Dr. Maximilian Muntean**

16:30-16:45 ● My experience with low weighted implants - Dr. Barbara Cagli. Scientific session sponsored by POLYTECH

16:45-18:15 ● SHAPING THE BREAST: AESTHETIC AND RECONSTRUCTIVE PERSPECTIVES

Session chairs: Dr. Laura Răducu, Dr. Ana Maria Oproiu

1. Navigating challenges in implant-based breast reconstruction - **Dr. Carmen Giuglea**
2. Immediate Breast Reconstruction: Techniques, Tips and Challenging Cases - **Dr. Laura Răducu**
3. Secondary breast reconstruction with alloplastic materials. Our own technique - **Dr. Silviu Marinescu**
4. Beyond Resection Volume: The Multidisciplinary Value of Routine Hormonal Assessment in Reduction Mammoplasty - **Dr. Ana Maria Oproiu**
5. Breast surgery after massive weight loss: personal experience - **Dr. Rodica Cruțescu**
6. Electrochemotherapy in fulminant breast tumors: between local control and symptomatic relief - **Dr. Valentin Popescu**

18:15-18:35 ● Sponsor session AstraZeneca

18:35-18:45 ● CONCLUSIONS

17:15-18:15 ● EMERGING VOICES IN BREAST SURGERY
YOUNG SURGEONS AWARD

A dedicated session celebrating the next generation of breast surgeons, offering residents and young specialists the opportunity to present their clinical cases, innovative techniques, and research projects.

The most outstanding presentations will be recognized with special awards, including opportunities to participate in international congresses and specialized training courses.

Event Programme

A multidisciplinary journey through the future of breast cancer care.

DATE

14 NOVEMBER 2026
SATURDAY

LOCATION

"Agrippa Ionescu"
Emergency Clinical
Hospital

- 08:30-09:00 ● PARTICIPANT REGISTRATION
- 09:00-09:10 ● CONFERENCE OPENING
- 09:10-10:40 ● EVOLVING EXCELLENCE: INNOVATION IN BREAST RECONSTRUCTION
 - Session chairs: Dr. Ana Maria Oproiu, Dr. Zorin Crăiniceanu
 - 1.Revising the reconstructed breast: Overcoming challenges and adapting new technology- **Dr. Burcu Çelet Özden**
 - 2.When breast conservation goes wrong: surgical strategies for post-lumpectomy and radiotherapy sequelae - **Dr. Nicolas Leymarie**
 - 3.Experimental topic: synthetic data generation with generative AI for emulation of historical trials of breast conservation vs. mastectomy with contemporary patients - **Dr. Giuseppe Catanuto**
 - 4.TDAP - a valuable tool in modern breast reconstruction - **Dr. Silvia Condrea**
 - 5.Reconstruction of Large and Ptotic Breast in Patients with breast cancer - **Dr. Krešimir Martić**
 - 6.Breast reconstruction- autologus, alloplastic or combined - **Dr. Zorin Crăiniceanu**
 - Discussions
- 10:40-11:00 ● Sponsor session AstraZeneca
- 11:00-11:30 ● COFFEE BREAK
- 11:30-12:00 ● ROMANIA VS. THE WORLD: CHALLENGING BREAST CASES- LIVE VOTING
 - Session chair: Dr.Radu Ionescu
 - An interactive case-based session where Romanian and international experts debate complex breast cases with live audience voting.
- 12:00-12:15 ● BD Scientific symposium - **Dr. Laura Răducu**

12:15-13:30 • DECISION-MAKING IN MODERN BREAST CANCER SURGERY

Session chairs: Dr. Adrian Tulin, Dr. Octav Ginghină

- 1.Video-assisted mastectomy with axillary lymphadenectomy for breast cancer, indications and limitations - **Dr. Adrian Tulin**
- 2.Oncological outcomes of mastectomies vs. breast-conserving surgery after neoadjuvant chemotherapy and complete response - **Dr. Giuseppe Catanuto**
- 3.Therapeutic Strategies for Preventing Complications in Oncoplastic Breast Cancer Surgery - **Dr. Rareș Georgescu**
- 4.Endoscopic and Robotic Breast Surgery: Current Evidence, Oncological Safety, and Clinical Outcomes - **Dr. Octav Ginghină**
- 5.Partial Breast Reconstruction with Local Dermofascial Flaps: An Effective Approach to Avoiding Mastectomy in Patients with Breast Cancer - **Dr. Gerald Filip**

Discussions

13:30-14:30 • LUNCH BREAK

14:30-16:30 • THE ART AND SCIENCE OF AESTHETIC BREAST SURGERY

Session chair: Dr. Bogdan Marinescu, Dr. Tiberiu Bratu

- 1.A new perspective in augmentation mastopexy: Achieving dual-plane benefits without dual-plane morbidity - **Dr. Burcu Çelet Özden**
2. Waterfall Deformity: Prevention and Treatment - **Dr. Radu Ionescu**
- 3.Addition-Subtraction Augmentation Mastopexy - A Tissue-Based Philosophy for Natural Breast Reshaping - **Dr. Daniel Hernic**
- 4.Capsular contraction - update 2026- **Dr. Radu Ionescu**
- 5.Mastopexy with gland remodelling. Surgical insights and long term results - **Dr. Elena Martin**
- 6.The feather touch concept. How to make breast augmentation lighter for patient and surgeon - **Dr. Raul Chioibaș**
- 7.When is the dual-plane technique appropriate for breast augmentation - **Dr. Bogdan Marinescu**

Discussions

16:30-17:00 • COFFEE BREAK

17:00-18:15 • MICROSURGERY IN BREAST RECONSTRUCTION: FROM FUNDAMENTALS TO EXCELLENCE

Session chairs: Dr. Laura Răducu, Dr. Dragoș Zamfirescu

1. DIEP - LNT - safe harvest and indications **Dr. Silvia Condrea**
2. Establishing a DIEP Flap Program: A 5-Year Journey and Our Learning Curve - **Dr. Dragoș Muraru**
- 3.Microsurgery in Breast Reconstruction - **Dr. Dragoș Zamfirescu**
- 4.Breast Reconstruction with DIEP Flap - **Dr. Krešimir Martić**
5. Total breast reconstruction with LICAP flap: technique, indications and outcomes - **Dr. Adelaida Avino**

Discussions

18:15-18:30 • CONCLUSIONS
